Here we are, it's but another little fight  
They want you to be the only one in sight  
Don't just make believe that you really care  
We know honestly, you still ask

Why you're calling  
Why you're falling  
Why you're crawling and we're not stalling

You always call about nothing at all  
It's all because the way it was, you don't know  
You always call about nothing at all  
It's all because the way it was, you don't know

All the time complaints come only from you  
And we try to say there's nothing more we can do  
Blaming it on me 'cause you're never right

Don't take it from me, we all know

Why you're calling  
Why you're falling  
Why you're crawling and we're not stalling

You always call about nothing at all  
It's all because the way it was, you don't know  
You always call about nothing at all  
It's all because the way it was

Hey you over there  
Criticizing me  
I don't really care what you think of me  
You don't know you'll always be the  
Queen of bad news who tries to confuse  
You'll always lose I know

You always call nothing at all  
You always call nothing at all
