I'm never going to be what you want to see  
always got to be me and free  
right or wrong  
you'll be gone

Well I've heard it all before  
and I'm tired of the lies I've tried  
I won't compromise  
You're a thousand miles away  
draining under my flooded veins  
take away the strain

I don't think that you know  
I'm about to let you go  
before I put you away  
One more thing I've got to say

I'm not sorry  
and I don't wanna worry  
I'm sick of you again  
I'm thinking no  
I'm not sorry  
and I don't wanna worry  
Of falling behind  
don't want to wonder and cry again  
and I just want to say  
Stop  
Go on

I have thrown it all away  
reaching over a cloudy day  
and I'm on my way  
Cast my shadows all aside  
creeping over into the sky  
shining brighter I feel alive

I don't think that you know  
I'm about to let you go  
before I put you away  
One more thing I've got to say

I'm not sorry

and I don't wanna worry  
I'm sick of you again  
I'm thinking no  
I'm not sorry

and I don't wanna worry  
Of falling behind  
don't want to wonder and cry again  
and I just want to say

I'm never gonna be what you wanna see  
always got to be me you're free  
Carry on  
run along  
Frustrated by you, typical what you do  
I'm tired and through, renew  
Living on  
With you gone

I don't think that you know  
I'm about to let you go  
before I put you away  
One more thing I've got to say

I'm not sorry  
and I don't wanna worry  
I'm sick of you again  
I'm thinking no  
I'm not sorry  
and I don't wanna worry  
Of falling behind  
don't want to wonder and cry again  
and I just want to say

I'm not sorry  
and I don't wanna worry  
Of falling behind  
don't want to wonder and cry again  
and I just want to say  
stop  
go on  
stop  
go on

I'm never gonna be what you wanna see  
always got to be me and free  
Living on  
With you gone
