I don't want us to have a fight,
But in the background I can hear you chatting shite,
I hear it every night.
And you think you're being really cool,
You've been doing it since we were both at school,
Now who looks like a fool.

[Chorus]

You're no friend of mine girl
And I've known it for a while girl,
You're just a waste of time girl
Why don't you have another line girl.

Hook

Tell me what did you expect?
Have you got no self respect?
Reputation to protect?
Soon you'll be a nervous wreck.

[X2]

What happened to the good old days?
I was hoping this was all a stupid phase
Who are you anyway?
I know you've heard this all before
I know some people who are calling me a whore
Don't know you anymore

[Chorus]

You're no friend of mine girl
And I've known it for a while girl,
You're just a waste of time girl
Why don't you have another line girl.

Hook

Tell me what did you expect?
Have you got no self respect?
Reputation to protect?
Soon you'll be a nervous wreck.
