Friday night, last orders at the pub
Get in the car and drive to the club
There's a massive crowd outside so we get in to the
queue
It's quarter past 11 now, we won't get in till quarter to

It's quarter to and we get to the front
Girl on the guest list dressed like a ****
She asked security to check inside my shoes
You can play this game with me but you know you're
gonna lose

Looked me up and down
I don't make a sound
There's a lesson that I want you to learn
It's if you're gonna play with fire then you're gonna get
burned

Don't try and test me cos you'll get a reaction
Another drink and I'm ready for action
I don't know who you think you are
But making people scared won't get you very far

Ooo ooo ooo
Ooo ooo ooo

In the club make our way to the bar
Good dancing love but you should of worn a bra
Guy on the mike and he's making too much noise
There's these girls in the corner want attention from
the boys

I see these girls and they're shouting through the
crowd
Don't understand why they're being really loud
Make their way over to me and try to push me out the
way
I push her back, she looks at me and says
"What you tryna say?"

Looked me up and down
I don't make a sound
There's a lesson that I want you to learn
It's if you're gonna play with fire then you're gonna get
burned

Don't try and test me cos you'll get a reaction
Another drink and I'm ready for action
I don't know who you think you are
But making people scared won't get you very far

Don't try and test me cos you'll get a reaction
Another drink and I'm ready for action
I don't know who you think you are
But making people scared won't get you very far
