Would you please take me away  
from this place  
I cannot bear to see  
the look upon your faces  
And if there  
is some kind of god  
do you think he's pleased  
When he looks down on us  
I wonder what he sees  
Do you think  
he'd think the things we do  
are a waste of time  
Maybe he'd think  
we are getting on just fine  
Do you think he's skint  
or financially secure  
And come election time  
I wonder who he'd vote for

Ever since he can remember people  
have died in his good name  
Long before that September  
Long before hijacking planes  
He's lost the will he can't decide  
He doesn't know who's right or wrong  
But there's one thing that he's sure  
of this has been going on too long

Do you think he'd drive  
in his car without insurance  
Now is he interesting  
or do you think he'd bore us  
Do you think  
his favourite type of human

is caucasian  
Do you reckon  
he's ever been done  
for tax evasion  
Do you think he's any good  
at remembering people's names  
Do you think he's ever taken

smack or cocaine  
I don't imagine  
he's ever been suicidal  
His favourite band  
is Creedence Clearwater Revival

Ever since he can remember people  
have died in his good name  
Long before that September  
Long before hijacking planes  
He's lost the will he can't decide  
He doesn't know who's right or wrong  
But there's one thing that he's sure  
of this has been going on too long

Ever since he can remember people  
have died in his good name  
Long before that September  
Long before hijacking planes  
He's lost the will he can't decide  
He doesn't know who's right or wrong  
But there's one thing that he's sure  
of this has been going on too long
