Sun is falling all around,
7 o'clock and the roads are blocked,
So I walk down town and there's no one else around.
I look in the bar and I immediately, I sense danger.
You look at me girl as if I was some kind of a, a total
stranger

Chorus

Where did you get that blank expression on your face.
Where did you get that blank expression on your face.

The streets are dark and there's no one about.
I wonder home and all the, the lights are out, I keep
wondering.

Chorus

2x

Where did you get that blank expression on your face.
Where did you get that blank expression on your face.
