(VERSE 1)

Don't I get this over ya?
Ooh it gets all over ya
In interview rooms (interview rooms)
Now wishing I could pass it again
To say anything to please the man
In interview rooms (interview rooms)

(BRIDGE 1)

I'm counting the questions
At night, hit my thoughts
Proposing my answer

(CHORUS)

Preparing myself for a fall
Preparing myself for a fall
Preparing myself for a fall

(VERSE 2)

Short and tight, it's deprecable
I've seen lights on ghost of means
At interview rooms (interview rooms)
How many lives you devastate, uh?
There, you could leave your genetic make up
At interview rooms (interview rooms)

(REPEAT BRIDGE 1)

I'm counting the questions
At night, hit my thoughts
Proposing my answer

(REPEAT CHORUS)

Preparing myself for a fall
Preparing myself for a fall
Preparing myself for a fall

(SECTION)

I haven't got the shirt
To do that kind of work
With chalks upon the walls
Ooh I take lines rise and fall

(MIDDLE)

Interview rooms
In, out of interview rooms
Interview rooms
In, out of interview rooms
Interview rooms
In, out of interview rooms
Interview rooms
In and out of interview rooms!

(BRIDGE 2)

Iâ€™m countingâ€¦
The questionsâ€¦
Iâ€™m counting the questions
At night, hit my thoughts
Proposing my answer

(REPEAT CHORUS)

Preparing myself for a fall
Preparing myself for a fall
Preparing myself for a fall

(REPEAT SECTION)

I havenâ€™t got the shirt
To do that kind of work
With chinks upon the walls
Ooh I take lines rise and fall

MIDDLE VERSE

I havenâ€™t got the shirt
To do that kind of work
With chinks upon the walls
Ooh I take lines rise and fall
Ooh I take lines rise and fall
Ooh I take lines rise and fall!
