Take a walk to quieter place  
And think of the thing I said would wait  
I can see unconsciously  
You promised me, you promised me

You come round here to throw a ploy  
With silly lines with silly toys  
Little things for little minds  
Amuse yourself in your spare time

### CHORUS

Your promises, your promises  
Are your lies as good as your promises (2x)  
'Cos I believe in what you say  
I have to be so led astray  
But I will play the lovers fool  
By loving you, by loving you

Repeat CHORUS to fade.
