Take one day out of time  
Don't be hasty, don't be blind  
I tell myself since I met you  
Every flower has to grow  
To be strong enough to hold  
I tell myself since I met you

Now the fire's alive  
And it's burning inside of me  
Higher and higher

### CHORUS

Now I'm lost in love  
Ain't no doubt about it  
Every single day  
I just can't live without it  
'cause I'm lost in love  
Ain't no doubt about it  
Every single night  
I want to scream and shout it  
'cause I'm lost in love  
Ain't no doubt about it  
I'm lost inside your love

I was facing up to life  
I'm an independent guy  
And suddenly there was you  
No I wasn't looking hard  
For a love affair to start  
And suddenly there's me and you

I can hardly believe  
An angel from heaven above  
Is lying beside me

CHORUS repeat and fade
