Even though you were fooled  
I was on my guard  
Cheap tricks for money  
The magician man  
Tacky gags whacky lines  
He was at his best  
Must've seen us coming  
The magician man  
Nobody to play is the fear we are all hold inside  
Will somebody pay to see this magical man

### CHORUS

Roll up and see it all  
A ball  
Stroll up  
We have it all and more  
Roll up and see it all  
A ball  
Stroll up  
We have it all and more  
Simply done roand applouse  
All the glamour too  
Show me your hand says  
The magician man  
I will read amaze you all  
He tells you what you want to  
Hear for a lifetime by  
The magician man  
Nobody to play is the fear we are hold inside  
Will somebody pay to see this magical man

Repeat CHORUS

Roll up and see it all  
A ball  
Stroll up  
We hate it and more  
Roll up and see it all

I have seen you playing tricks (Repeat to fade)
