I would like to talk with you oh girl
Only for a minute or two oh girl
When we are walking home
Just the two of us alone
I realize just how much we have grown

I'm in love or so it seems
Maybe I'll awake from a dream
But lucky are the few
Whose dreams can still come true
And a guy like me can share his life with you

CHORUS

Girl you know what's best for me
Your body told me and I agree
Girl you know how to treat me right
Your lips have told me so at night
Oh girl
I could talk with you all day
You and I have so much to say
About our future plans
And how to understand
The love and attention the children can demand

Repeat CHORUS and fade.
