"Rhythm Of Love"

People of the world united as one
Through the power of music
It's the rhythm of love
People of the world relieves from your soul
And passion inside when you're out on the floor

Oh, oh your body is now in demand
Oh, oh everybody understands

CHORUS

The rhythm of love
The rhythm of love
The rhythm of love
The rhythm of love
Music is the language I feel so alive
My body now is sweating
And the temperature is high
Music is the language my energy source
Now the rhythm of love is the ultimate force

Oh, oh your body is now in demand
Oh, oh everybody understands

CHORUS

Rhythm of love
Rhythm of love

Oh, oh your body is now in demand
Oh, oh everybody understands

CHORUS repeat and fade.
