Nobody knew the people who were needing to save
time
So anxious to the little few unnecessary crime
Everyone saw your reasons for cruising for the ride
Breaking law was all he said why don't you stop inside

CHORUS

This car is fast
This car is fast
This car is fast
This car is fast
So keep it in mind you generally mind a life just rushing
by
Exceptionally and obviously some people will even try
Sympathy is what I feel but who would even care
When life is slow and the pressure's on
Just let down the hair

Repeat CHORUS

Nobody has to know
The secret though
The world will want to know

As I understand this car is grand it's leader in it's field
Though simple in seems to drive easily and the
guarantee is sealed
Don't wonder how to drive this car just a simple simple
rule to know
You should drive at the maximum speed because we
don't want to get bored

Repeat CHORUS to fade.
