(VERSE 1)

Hot cold sweaty, I can't sleep  
You hold me to promises I can't keep  
In the night, you will wake  
You will want to eat yeah

(BRIDGE 1)

Compassion is one thing  
That this ain't for sure  
They all nearly died  
When you walked through the door  
Eyes wide open, you want the best  
They give you what they've got  
And then you take the rest

(VERSE 2)

To the lesser ridiculous point of sublime  
You're a red hot blooded porcupine  
Send those itchy cold fingers  
Running down my spine yeah

(BRIDGE 2)

Something is cooking  
Yeah something is hot  
I know I ain't long  
But how long have I got  
Easy woman tell easy lies  
How long before you realize

(CHORUS)

There's only one thing that bothers me  
There's only one thing that I don't like  
Did you choose me out of sympathy  
Or did you choose me for your appetite?

(VERSE 3)

I'm so rigid, you're so loose  
How come you get the medal  
but I get the noose?

(CHORUS 2)

There's only one thing that bothers me

There's only one thing that I don't like  
Did you choose me out of sympathy  
Or did you choose me for your appetite?  
There's only one thing that's eating me up  
There's only one thing that just ain't right  
Did you choose me out of sympathy  
Or did you choose me for your appetite?

(CHORUS 3)

There's only one thing that's bothering me  
There's only one thing that I don't like  
Did you choose me out of sympathy  
Or did you choose me for your appetite?  
There's only one thing that's eating me up  
There's only one thing that just ain't right  
Did you choose me out of sympathy  
Or did you only choose me for your appetite?
