Out of sight is out of mind  
The distant past is a shift in time  
It's a new location it's the same old line  
Official position is a nursery rhyme  
The missing link is the mother lode  
They cross cut culture on computer codes  
With mellow-drama for tired eyes  
Who's sleeping late in paradise  
There's no denying the thing's I've seen  
On the great almighty TV screen  
A world obsessed with image and fashion  
Looking good feeling no passion  
Money is power greed is the sixth sense  
What's for sale I say what's the difference  
Holy wars and world-wide famine  
And everybody else has given up understanding

Why who wants to know?  
They don't want to miss their favorite show  
So hypnotized by the lies cut you down to size  
You got something to say all yo can do is try
