"Apocalyptic Manifestation"

Hear the thunderous echoes from the nihilistic universe
Powers of wrath, a violently agitated curse
Shockwaves of vicious forces rage in the horizon
Blackness spreading across the land as a plague of
destruction
Arriving on apocalyptic storms of terror
Darkness shall lead you into a new era of horror
The dark season is lurking ominous by nature
Shockwaves of vicious forces rage in the horizon
Blackness spreading across the land as a plague of
destruction
Volcanic eruptions of diabolical flames
Rises from the infinite barren terrain
Witness the signs of impending gloom
Epitome of illusions and nightmares of doom
A never ending howling wind of death
