Life is deceiving while death is revealing
The mystic forces in the soul
Mind is receiving the certain dark feeling
The murderous sources of the ghoul
Life is the enemy while death is the sacred key
To absent sights that recall
Dimensional tyranny enslavement in cruelty
In darkness one float or one fall
To the abyss' morbid enigmas
Far beyond the earthly grave
Soul betakes to drift astray
Infinite horizons of pale grey skies
A still born heart within there lies
The sanctuary that once was lost
Is streaming endlessly in holocaust
The astral corpse is still pulsating
In a mirage asylum awaiting
The final destination, the ultimate denomination
In limbonic life I've slept
Dreamt that cryptic seals me kept
Shelterd from all visual sight
Cause shadows chased every sign of light
Awakened from an ancient slumber
Recalled to act of strife
My spirit old and my body cold
Remains in dark demise
Immortally beloved am I to dying
And the whispering of secrets to my soul
I am born to sing this sorrow
Evil has no rest in me
The invisible addiction of darkness, emptiness
And the ghastly silence... devours
Deathtrip to a mirage asylum
Cut the string the chain to soil
Unleash to powers within deaths coil
No darker emotion is there to find
Than the fading feeling of a dying kind
Deathtrip to a mirage asylum
In limbonic life I've slept
Dreamt that cryptic seals me kept
Sheltered from all visual sight
Cause shadows chased every sign of light

In the light of my personal sacrifice
In the shine from the ruins I testify
Far more savage the spiritual vulture
In the light of my personal sacrifice
In the shine from the ruins I sanctify
Unto the valley of the shadows of death
