Move up  
Energise  
Beam on down to the other side.  
Move down make it slide  
Beam on up to the other side.  
Touch up  
Make me rise  
I've got to move to the other side.  
Touch down  
What a ride  
You made me come to the other side.  
If you want me to  
I would like to do  
All the things you knew the ones you made me do.  
Don't you want me to  
Say you want me to.  
Do the things to you  
The ones you want me to.  
I wanna see your angel eyes  
I wanna see your angel eyes.  
I just want to stay all night  
Hold me baby  
Hold me.  
I just want to love you right  
Love me baby  
Love me.  
I just want to stay all night

Hold me baby  
Hold me. . . .  
Move up  
Energise  
Beam on down to the other side.  
Touch down  
What a ride you made me come to the other side.  
If you'd like me to  
I would like to do  
All the things you knew the ones you made me do.  
Don't you want me to  
Say you want me to

Do the things to you the ones you want me to.

I wanna see your angel eyes  
I wanna see your angel eyes.  
I just want to stay all night  
Hold me baby  
Hold me. . . .  
I just want to stay all night  
Hold me baby  
Hold me. . . .  
I just want to stay all night. hold me baby  
Hold me. . . .
