(Denis LePage)

(Chorus 1, Repeat 2x)

Did you see that girl?

Did you see that girl?

(Repeat Chorus 2x)

I'm out of control

The moment she comes close to me

I can't play the role

The man that I'm supposed to be

I feel that it's true

I think that she's the one for me

I wish it was true

I picture she could come to me

(Repeat Chorus 1 2x)

She has to be mine

I need to feel her touching me

She looks so defined

I know that she can set me free

Her lips are delicious

Her smile is divine

Her eyes make me anxious

When she's looking at mine

(Chorus 2, Repeat 4x)

Did you see that girl?

(Did you see that girl?)

(Did you see that girl?)

(Repeat Chorus 1)

Ooh, baby

Ooh, babe

(Repeat Chorus 1)

I'm out of control

(Did you see that girl?)

(Did you see that girl?)
I can't play the role
(Did you see that girl?)
(Did you see that girl?)
She has to be mine
(Did you see that girl?)
(Did you see that girl?)
She looks so defined
(Did you see that girl?)
(Did you see that girl?)

Ooh, did you see that girl?
(Did you see that girl?)
(Did you see that girl?)

(Repeat Chorus 2)

Did you see that girl?

(Keyboard Solo)

(Guitar Solo)

(Repeat Chorus 2 and Fade)
