(Denis LePage, Denyse LePage)

You know my love has a mind of its own Even when I know that I'm all alone Sometimes it feels like it's just a machine Even though I think that you're just a dream

(Pre-Chorus, Repeat 2x) 'Cause I love you, love you, love you

(Chorus 1) Baby, you've got the key (oh, baby) You can ignite me, baby When you're still at the wheel (ooh-ooh, baby) Of my emotions, baby

You know my love has a mind of its own And when I know you're in my danger zone I can't explain though when you make me feel Sometimes it seems that you cannot be real

(Repeat Pre-Chorus 2x) (Repeat Chorus 1)

(Instrumental Break)

You know my love has a mind of it own 'Specially when you know that I'm all alone That's when I'm sure that you're not just a doll You can hug me just a frame on the wall

(Repeat Pre-Chorus)

(Repeat Chorus 1)

(Chorus 2) Babe, it's easy to see (yeah, baby) You're not a picture, baby Yeah, you've got to be real, (ooh, baby) With your emotions, baby

(Repeat Chorus 1 and 2 and Fade)
