(Denis LePage)

Hey, mama, mama, you don't treat me wrong  
You know that your turn me on  
Baby, baby, when you make a pass at me  
You put my feelings where they should belong

Hey, supervision, yeah you're quite a sight  
You know that you're lookin' right  
Baby, baby, when you make a pass at me  
You're a looker, baby, pure delight

(Chorus)  
You got a profile of love  
(Profile of love)  
You got a profile of love  
(Profile of love)

Hey, cool thing, honey, sweet surprise  
You know what I realize  
Baby, baby, when you make a pass at me  
You make me wanna try you on for size

Hey, hot lover, loved you everywhere  
You know that you're really rare  
Baby, baby, when you make a pass at me  
You make me wanna give my love so bare
