(Denis LePage, F. Nickols, J.C. Charles)

Baby, you could be the only one  
There should be nobody else  
But you and me before our song  
Not like anybody  
And it's plain to see I am the one  
There should be nobody else  
No other love, no other one  
Not like anybody

(Pre-Chorus)

'Cause I never felt like this before  
And I will never find much more  
No other love  
Maybe that I didn't show enough  
Sometimes the world could be so tough  
To differ love

Baby, I don't know if you're a dream  
There should be nobody else  
Just both of us, it's nice to be  
Not like anybody  
Doing what we want so secretly  
There should be nobody else  
Nobody else but you and me  
Not like anybody

(Repeat Pre-Chorus)

(Chorus, Repeat 4x)

Together love  
(Together love)  
Together love, just you and me  
You are coming through so true to me  
There should be nobody else  
'Cause I love you and you love me  
Not like anybody  
Baby, I am yours and you are mine  
There should be nobody else  
Because I need your love so fine  
Not like anybody

(Repeat Pre-Chorus)

(Repeat Chorus 4x)

Oh...

(Timbali Break)

(Repeat Pre-Chorus)

(Repeat Chorus 2x)

Together love  
(Together love)

Mmm...  
(Just you and me)

Baby, baby

(Repeat Chorus 2x)

Together love
