## "Fly At Night"

Four men in a rock 'n roll band  
Fly at night in the morning we land  
Fly at night 'til we're satisfied  
See the morning from the otherside

And when you close your eyes  
Sleep comes fast  
When you fly the universe  
Well, you need some rest  
Yeah, you need some rest

Ooh, we like the big wide spaces  
Yeah, we like a sea of faces  
Time is just a rubber band  
Time is at our command

And when we look out  
And see you there  
You seem much closer  
And you feel so near  
Yeah, you feel so near

Well we fly by night, it's like a rocket flight  
And baby that's just what it's for  
Yeah, we fly by night, it makes you feel alright  
It keeps you coming back for more

[Guitar break]

We fly by night, it makes you feel alright
