### "Salvation"

Endless nights filled with misery  
Sick of familiar patterns  
Bruise after cut  
Can't wash away my scars

This is a night of...sal-vation, salvation...  
On the night of sal-vation, salvation...

This life always painted me  
Tired of the same routine  
All the lies I've told  
Can't hide the little things

This is a night of...sal-vation, salvation  
On the night of sal-vation, salvation

Life has been left behind me  
I will not cower away  
Cower away

Adrenaline stronger than ever  
Feel it all come together  
(x2)

On the night of...sal-vation, salvation...  
On the night of sal-vation, salvation...

Life has been left behind me  
I will not cower away

Salvation(x4)
