We'll end up numb from playing video games
And we'll get sick of having sex
And we'll get fat from eating candy
As we drink ourselves to death
We'll stay up late
Mixing mix tapes
Photoshopping pictures of ourselves
While we masterbate to these pixelated videos
Of strangers fucking themselves

We are... very busy people
We are... very busy people

There's crusty socks
And stacks of pizza boxes
Making trails straight to the bed
And when we're done sleeping
We'll stay busy dreaming
Of the things that we don't have yet
Well there's a long
Long list of chores
And shit to do before we play
Oh let's just piss away the day
(Piss away the day)
Crank call the cops down at the station
Just for friendly conversation
Requesting songs they never play
Let's hear the one that goes like

We are... very busy people
We are... very busy people

But we've always got time for new friends
So come on over and knock on our door
It's open what you waiting for
We may be sprawled out on the floor
But we still make lovely company
Pull up a chair I'll pour some tea
We'll shoot the shit 'bout everything
Till you get sick of politics
And flip on the TV screen
We stare at the TV screen

That Donnie Darko DVD has been playing for a week
And we know every single word
(Every single word)
I got an iPod like a pirate ship
I'll sail the sea
With fifty thousand songs I never heard
And all the best of them go

Va la la la la la la...
Va la la la la la la...

Va la la la la la la...
Va la la la la la la...

We are... very busy people
We are... very busy people

But we've always got time
for new friends
yea

Va la la la la la la...
Va la la la la la la...

Va la la la la la la...
Va la la la la la la...
