

Limp "Three Words"

Everything was fine 'til three little words
I know I'm gonna pay for this hurt
Fell for the lust of three little words
thought I could stomach the burn
It brought me this far
those three little words
finding out this bed is too hard
It's harder than this
it's harder to find
finding out this bed wasn't mine

HOLD STILL WHILE I SEVER THIS CORD
AND SAY NOTHING MORE ABOUT CHANGING YOUR
MIND
IT'S TIME, LET ME DO THIS FOR ME AS HARD

AS IT IS IT'S HARDER TO LEAVE

I'm sorry for this it's my fault again
shouldn't take that long to set in
I guess it's to late we'll never be friends
not after this shady end
It's time to take back those three little words
It's much more than I deserve
It's better this way now that I'm drained no more fight
left in me
It came to this and now I know
It came to this you'll get my note you need me to leave
