Bring it on  
Fame your claimin' is the top of the world  
But the stage I'm claimin' is the top of the world  
And love I'm feeling when you people connect  
And if you're out in the crowd you're gettin' more then  
respect  
And if you're wonderin'  
I got plenty of foes  
I'm making plenty a freinds and many a foes  
And as the audience grows, security knows  
Stoppin' me now is kinda serious  
No use in dreadin' what they call armegeddon  
I think we made it through this slump  
But who really cares where we're headin'  
Cause now you mutha fuckas got a reason to jump  
So let's make something happen  
This way we can all relate  
World-wide we collide  
This is how we communicate  
So let's make something happen  
Whoever thought we would see the day  
I can't believe we did it  
So let's drift away  
Hate a feelin' I don't really get  
And hate can get you in some serious shit  
Time is something that may change me  
But I can't change time so fuck it  
I've been stumblin'  
Through these toughts of the fact that I could be  
delirious  
But as the audience grows, security knows  
Stoppin' me now is kinda serious  
No use in dreadin' what they call armegeddon  
I think we made it through this slump  
But who really cares where we're headin'  
Cause now you mutha fuckas got a reason to jump  
So let's make something happen  
This way we can all relate  
World-wide we collide  
  
This is how we communicate  
So let's make something happen

Whoever thought we would see the day  
I can't believe we did it  
So let's drift away  
We see good things changin'  
Good things go away  
We see good things wastin'  
They take me  
What we need is a place to escape from today  
Right  
What we need is a place to escape from today  
Right  
Yeah  
Bring it on  
You wanna be down with the G Shock  
Fuck the galm rock  
Asked out like Ken Shamrock  
MC's detest me  
Want a chance to test me  
But I ain't all about that  
You gotta be down with the G Shock  
Fuck the galm rock  
Asked out like Ken Shamrock  
MC's detest me  
Want a chance to test me  
But you don't want none of that  
Yeah  
Where we at(x12)  
Don't stop it's 1999  
Don't stop it's 1999, baby
