I want to rock right now
Looking for a spot that's hot to get down
Ain't no stoppin this crime
It's due some time they break it down

Hey, it's a party on the back porch
I'm gonna take you through the back door
Gonna drink till ain't no more
It's a party on the back porch
It's a party on the back porch
I'm gonna take you through the back door
Gonna drink till ain't no more
It's a party on the back porch, hey

I want to rock right now
Looking for a spot that's hot to get down
Ain't no stoppin this crime
It's due some time they break it down

Yeah, I wanna rock right now
Looking for a spot that's hot to get down
Looking for a night that's gonna be worth
Bustin' out the shelltows and doing the smurf
Ain't no stoppin this grande
I ain't even mind it
If you put your lips on my diamond
Hands fly to the sky
Swinging so high
Up to the silver lining
Fresh dressed like a million bucks
Dickies, ball cap you know what's up
Inside it's too claustrophobic
If Imma flow it I need room to throw it
Follow me to the place to be
On the back porch with the symphony
1, 2, 3 'ite y'all let's go, follow me follow me

Hey, it's a party on the back porch
I'm gonna take you through the back door
Gonna drink till there ain't no more
It's a party on the back porch
It's a party on the back porch

I'm gonna take you through the back door
Gonna drink till there ain't no more
It's a party on the back porch, hey

Oh baby, break it on down
Break it to the Bizkit sound
Let's move to the next big town
No buddy gonna stop you now
Hey baby, break it on down
Break it to the Bizkit sound
Let's move to the next big town
No buddy gonna stop you now

It's a party on the back porch
I'm gonna take you through the back door
Gonna drink till there ain't no more
It's a party on the back porch
It's a party on the back porch
I'm gonna take you through the back door
Gonna drink till there ain't no more
It's a party on the back porch, hey

I want to rock right now
Looking for a spot that's hot to get down
Ain't no stoppin this crime
It's due some time they break it down
