Clunk - [7x]

Hey mister, elevate that mic like you missed it  
You might need to rest up or pump that chest up  
Because that mental is fading, ego you overplayed it  
You busta  
You just can't be trusted  
The drama, your mama must've really been disgusted  
But you got no clue  
Always screaming everybody owes you  
Well kid I never did, and never will  
It's gone too far  
It's gone too far and it's on (well it's gone way to far  
punk)  
I never did  
Well I never did kid  
It's gone too far  
Fuckin' punks been bringing all the funk in  
Knowing you man you're probably not thinking  
Got you lips sinking  
There it goes flying  
Over that head you'll be crying  
Lying in your death bed  
Now you're just a reject  
Showin off at Mc'y D's just to gain a little respect  
But you got no clue  
Always screaming everybody owes you  
Well kid I never did, and never will

It's gone too far  
It's gone too far and it's on (well it's gone way to far  
punk)  
I never did  
Well I never did kid  
It's gone too far  
You need to drop that freakin' ego before you crash  
Before the headlights are simply glaring in your eyes  
and you're goin down  
What's the matter with the life that you're leadin'  
When you're bleedin' everyone's thinking how much  
they hate you  
It's not to late dude, just that time for you to zip up that  
girl

Take a deep breath, look around, ain't nobody left  
Just a target, bull's eye  
Still you walk around in a clown like a clown in a force  
field  
See I'm not crazy, you're the one who's crazy  
Institution bound to be the only way that we can even  
solve this  
Had about as much as I can take  
So do yourself a favor  
I just wanna get it out  
I just wanna get it out!!!
