I can't  
Can't think of shit, you're  
Blocking my way, you  
Cloud on my thoughts, please go away

Oh nevermind, please  
Get the fuck out now  
Don't ever come back  
I'll never allow back in my life

[CHORUS]  
Playing a fool's game  
It's only a fool's game  
This is what love is  
I've got no clue, I've got no clue

Playing a fool

You're back  
Back in my life, I'm  
Falling apart, I  
Can't think of shit, back to the start

Somebody tell me  
How this all happened  
Fuck all of this shit  
You in my life doesn't exist

[CHORUS]

Playing a fool

Tell me you're not  
Tell me you're not  
Tell me you're not scared

[CHORUS]
