This pain in my stomach  
Won't go away  
I assume this is punishment  
For the mistakes I've made  
In a world where my actions  
Speak louder than words  
In a world where my actions  
Speak louder than words

I know more people than ever before  
One lesson I've learned from it all  
Fortune and fame are disguised as your friend  
Cause I'm lonlier now than I've ever been

This pain in my stomach  
Won't go away  
I assume this is punishment  
For the mistakes I've made  
In a world where my actions  
Speak louder than words  
In a world where my actions  
Speak louder than words

I know more people than ever before  
One lesson I've learned from it all  
Fortune and fame are disguised as your friend  
Cause I'm lonlier now than I've ever been
