All the tension in the world today  
All the little girls fillin up the world today  
With the good comes the bad the bad comes the good  
But im gonna live a life like I should ( like I should)  
Now all the critics wanna hit it  
To shit-can how we did it  
just Because they dont get it  
But Ill stay fitted  
new era I committed  
Now this red cap

Do we always gotta cry? (gotta cry)

I know why you wanna hate me

I dont even know what I should say

I analyze every second I exist  
Beating on my mind every second with my fish

Everybody wanna run (wanna run)  
Everybody wanna hide from the gun (hide from the  
gun)  
You can take this rap through this life if you want  
But you can't take the edge off the kn
