Here we go!  
Bring it on!

I'm Fred D. #1 limp dog  
Alien night train laying down the law  
All around the world everybody wanna see  
My five knuckle grip on this M.I.C  
Weaving in and out with that old school funk  
Keeping bass line sticky like i buy you skunk  
Five more seconds till this shit takes off  
Best buckle up before your shit gets tossed

Don't press your luck(Hey Hey)- you might get fucked  
up(Woooooaa)

Oh my god its the cops at the door,  
And they wanna stop all the mosh on the floor  
They wanna keep me in line  
so i break me a rhyme for your mind and i'm  
dressed to kill  
Living low with my flow  
i'm a creep i'm a  
vampire starting fires in the street  
Like a snake sneaking up in the grass  
with the beat you can't blast  
taking chunks out your ass

Don't press your luck(Hey Hey)- you might get fucked  
up(Woooooaa)

All around ..The world ..You know me ..  
All around ..The world ..We know You..

All you MC's waking up from a nap  
Better fix your target on the red ball cap  
And if you ain't got 20-20 on the sight  
Meet me at the show i'll be rocking all night  
Better bring a friend and a girlie if you got it  
She could use a pass to my backstage party  
Now i'm outta line and I like it like that  
Just another fume on the limp dogs track

All around ..The world ..You know me ..  
All around ..The world ..We know You..

Oh my God (oh my God)  
oh my God (Oh my God)  
Oh my God...  
it's the cops here again  
And they wanna lock a dog up in a van  
If they wanna try to control how we  
rock and we roll cause they know i'm a  
fugitive  
On the run is my mic like a gun  
and i use the stage to release all my rage  
Gimme 1 gimme 2 gimme 3  
gimme britney and i rock it like a G

Don't press your luck(Hey Hey)- you might get fucked  
up(Woooooaa)

All around ..The world ..You know me ..  
All around ..The world ..We know You..
