[Verse 1]

Don't label me a monster
I'm a monster just like you
Don't label me a victim
Cause I'm a victim just like you
I'm a victim just like you

[Verse 2]

When your heart aches
You can know that mine aches too
And when you run away
I run away like you
I run away like you
I do

[Chorus]

But you know theres a part of me that will always let
you down
And you know theres a part of me that will always make
you cry
And you know theres a part of me that just wont let you
die
Inside cause I surrender

[Refrain]

I surrender into you, I do
Keep surrendering to you, I do, I do
I surrender just for you, for yes
