[We don't know if these lyrics are correct either]

I don't understand
It look just like a bowl
In the picture by my bed
The suspense is pounding and clouding up my head
I'm checkin' it's clothes
And it wear the same blue colours
All that 70% of it
And it's turning and turning
But I just don't know who I am

[Chorus:]

I'm a stranger on earth
It took a while to figure it out
There's no way I could be who I'm saying I am
I gotta be someone else
Cuz I wouldn't touch it like that
And I wouldn't treat it like it treats me
I would adore it, I wouldn't ignore it
So I'm convinced I'm a stranger on earth

I'm not sure who I am
Don't see my shadow around when I walk
Ain't leavin' no kisses
Goodbye with no words
If these walls could talk
They would have nothing to tell

So what could it be?
Is there someone immitating me?
Could she be taking my place?
Look me in the face
And tell me that I'm wrong
When I say...

[Chorus:]

Pop quiz
Tell me where we first met
Tell me where your spot is

Tell me if I liked it, loved it
Or could it be
That the stranger is me
Have I changed so drastically?
Is it I want more for me?
And it remains the same [all that time]

[Repeat chorus till fade]
