I have no fear  
I have no inhibitions  
I trust my heart  
I trust my intuition

Tonight I'm diving in the waters  
I won't even fight the tide  
Drowning in a sea of passion  
No resistance - I surrender

You make me free  
No chains no limitations  
You kiss my skin  
Unleashing sweet sensations

All I feel and all I know  
Is I just love this letting go

Tonight I'm diving in the waters  
I won't even fight the tide  
Drowning in a sea of passion  
No resistance - I surrender
