I can't figure out what it is going down  
But everytime I feel your touch  
I'm just like a kid I'm gone as it gets  
My heart is beating like a drum  
I never thought  
I'd feel the way I do  
I took the fall  
And I like what I fell into

Ooh, there's something 'bout loving you  
Sure makes everything all right  
Yeah, there's something 'bout loving you  
I can't describe  
There's no doubt  
There's something 'bout loving you

I gotta say baby you got a way  
Of keeping me awake at night  
I can't sleep a wink I lie there and think  
I'm lucky that you're in my life  
That love of yours  
Just knocks me off my feet  
I'm yours for sure  
'Cause what you got just gets to me

Ooh, there's something 'bout loving you  
Sure makes everything all right  
Yeah, there's something 'bout loving you  
I can't describe  
There's no doubt  
There's something 'bout loving you

I never thought  
I'd feel the way I do  
I took the fall  
And I like what I fell into

Ooh, there's something 'bout loving you  
Sure makes everything all right  
Yeah, there's something 'bout loving you  
I can't describe  
There's no doubt

There's something 'bout loving you
