No need to speak, it's there in your eyes
We speak the language of love
The city's asleep but we're so alive tonight
The language of love is whispering softly, "Take me"
There's no way to resist a moment like this

We'll steal a little bit of heaven tonight
I'll show you how, it's there for the taking
A little bit of heaven tonight
Right here and now for love is amazing

Silhouettes move, passion arises
We speak the language of love
Here in this room all of the world disappears
We can't deny, this is what we've been waiting for

We can talk through the night
Or we can cut to the chase
We'll steal a little bit of heaven tonight
I'll show you how, it's there for the taking
A little bit of heaven tonight
Right here and now, for love is amazing

We'll steal a little bit of heaven tonight
I'll show you how, it's there for the taking
A little bit of heaven tonight
Right here and now, for love is amazing

We'll steal a little bit of heaven tonight
I'll show you how, it's there for the taking
A little bit of heaven tonight
Right here and now, for love is amazing
