Lyrics: Nan Knighton

I see you try to turn away  
I hear the words you want to say  
I feel how much you need to hide  
What's happening inside you tonight

Come meet my eyes one moment more  
Our eyes are different than before

This night, so beautiful and strange  
This night begins to change who we are

Don't turn away, it's only love quietly coming to you  
Whispering through you  
Take my hand, it's only love  
Let it come through you slowly  
Don't be afraid ,it's only love

We touch, the dark begins to stir  
We can't go back to where we were  
Don't be afraid to make it real  
Don't be afraid to feel tonight Don't turn away, it's only  
love  
Only a touch that frees you  
Let it release you  
Take the chance, it's only love  
Open your heart and show me  
Don't be afraid, it's only love

Don't close your eyes  
Don't hold it in  
Reach out to me  
Let it all begin

Don't be afraid, it's only love  
Only a touch that frees you  
Let it release you  
Take the chance, it's only love  
Let it come through you slowly  
Open your heart and show me  
Don't be afraid it's only love
