The moment I saw him smile  
I knew he was just my style  
My only regret is we've never met  
For I dream of him all the while

But he doesn't know I exist  
No matter how I may persist  
So it's clear to see there's no hope for me  
Though I live at fifty-one-thirty-five Kensington Avenue  
And he lives at fifty-one-thirty-three

How can I ignore the boy next door  
I love him more than I can say  
Doesn't try to please me  
Doesn't even tease me  
And he never sees me glance his way

And though I'm heart-sore, the boy next door  
Affection for me won't display  
I just adore him  
So I can't ignore him  
The boy next door

I just adore him  
So I can't ignore him  
The boy next door

You made me love you  
I didn't wanna do it, I didn't wanna do it.  
You made me love you,  
And all the time you knew it; I guess you always knew it  
You made me happy sometimes, you made me glad  
But there were times, dear, you made me feel so bad

You made me sad 'cause  
I didn't wanna tell you, I didn't wanna tell you  
I think you are grand that's true  
Yes I do, 'deed I do, you know I do.  
I can't tell you what I'm feeling the very mention of your  
name  
Sends my heart reeling

You know you made me love you  
My heart beats like a hammer  
And I stutter and I stammer  
Everytime I see you at the picture show  
I'm just another fan of yours  
And I thought I'd write and tell you so

You made me sad 'cause  
I didn't wanna tell you, I didn't wanna tell you  
I want some love, that's true  
Yes I do, 'deed I do, you know I do.  
Gimmie, gimme, gimme, gimme what I cry for  
You know you've got the brand of kisses that I'd die for  
I can't ignore you  
I just adore you  
You know you made me love you
