Suspicion growing
A feeling I cannot control
Communication, communication low
The invasion is necessary, the dangers are secondary

This was never meant to be
A lifetime of instability
I guess, I was always weak
Someone please, rescue me

Frozen in time
Can't control what's inside of me
Frozen in time
I left my soul behind

I'm at the end of the line
Trapped in my mind, empty and blind
Frozen in time
Can't control what's inside

I see myself dying
And all these paranoid delusions frighten me
Manipulating vitality
An unspeakable evil latches on to agony

Attacking my body
Impurity spreading through me, like a parasite
Desensitized to the world
While the plagues controlling, like a fucking parasite

The same demons keep haunting
Sending their warning, it's unrelenting

Frozen in time
Frozen in time

This was never meant to be
A lifetime of instability
I guess, I was always weak
October the leaves buried me

Frozen in time

Can't control what's inside of me
Frozen in time
I left my soul behind

I'm at the end of the line
Trapped in my mind, empty and blind
Frozen in time
Can't control what's inside
