

## Chimaira "Left For Dead"

Visit "[Left For Dead](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Greed has caused you to become a monster  
Greed has caused you to become so cold  
You said you loved him  
Then you put him away  
'Til death do us part  
Means nothing to you

Greed has caused you to betray your family  
Greed had caused you to become so jaded  
We've got some news for you  
Every dollar you save  
Will cushion your pillows in hell

You act like we're blind, deaf and dumb  
Betrayal has now left us numb  
We're sorry we can't escape from  
This choice now we must all succumb

He's been thrown away  
Left for dead  
This is the only father we've had  
Thrown away  
Left for dead (x2)  
How could you choose money instead?

Greed has caused you to become a monster  
Greed has caused you to become so cold  
We've got some news for you  
Every dollar you save  
Will cushion your pillows in hell

You act like we're blind, deaf and dumb  
Betrayal has now left us numb  
We're sorry we can't escape from  
This choice now we all must succumb  
He's been thrown away  
Left for dead  
This is the only father we've had  
Thrown away  
Left for dead (x2)  
How could you choose money instead?

We will never forget  
We will never forget that you're the reason  
This sadness has overwhelmed us  
This grief is too much to bear  
How can we look you in the eyes?  
How can you ruin his life?  
After all the years of joy he's brought us  
There is no "we" anymore  
There is no "us" anymore  
You will have to live your last days in infamy

How could you do this?  
How could you choose to live?  
Thrown away  
Left for dead  
This is the only father we've had  
Thrown away  
Away  
Left for dead (x2)  
How could you choose money instead?  
Left for dead (x2)  
This is the only father we've had  
Left for dead
