"On Broken Glass"

It's just another sleepless night
The hunt is on
Looking for anything
To fill the void
Make me feel alive
Take me back to paradise

Cuz I'm walking on broken glass
I should know good things never fucking last
The reflections of a shattered past
They keep me walking on broken glass

A thousand eyes focus
Here is your god
Which one will you sacrifice
Their innocence tonight?
Don't think twice
Take me back to paradise

Cuz I'm walking on broken glass
I should know good things never fucking last
The reflections of a shattered past
They keep me walking on broken glass

The nameless walking with their guide
For a chance to meet their god
And it just won't stop

Can't describe this satisfaction
Can't control the chain reaction
I employ you to fulfill this creed
Insensitive
On flesh I feed
Welcome to my hell

Make me feel alive
Take me back to paradise
Cuz I'm walking on broken glass
I should know good things never fucking last
Reflections of a shattered past
They keep me walking on broken glass
