Closing comments, closing comments  
Closing comments made you wonder  
What was the start of it all?  
Hunting to find the answers  
Unavailing attempts to be me

Did we distract you?  
(Hey)  
Did we prevent you?  
(Hey)  
Did we bore you?  
(Hey)  
Did we stop you?

Ooh and I'm, betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed  
Betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed

Hoped you were thinking of redemption  
Found out you erased the memories  
Erased the thought of me  
How can I believe this untrue?

Did we distract you?  
(Hey)  
Did we prevent you?  
(Hey)  
Did we bore you?  
(Hey)  
Did we stop you?

I know I'm not insane  
I know I'm not insane  
I know I'm not insane  
I know I'm not insane

And I'm, betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed

Betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed

Come take a look in my eyes  
Come take a look in my eyes  
Come take a look in my eyes  
Come take a look in my eyes

(Eyes)  
Did we distract you?  
(Hey)  
Did we prevent you?  
(Hey)  
Did we bore you?  
(Hey)  
Did we stop you?

I know I'm not insane  
I know I'm not insane

And I'm, betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed  
Betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed  
I'm betrayed

Betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed  
Betrayed by you  
(Won't be overlooked by you)  
Betrayed, betrayed
