I don't know how
How could people be so cruel?
Don't they know just what they do?
Don't they hear their cries?
Don't they see the pain they cause in their eyes?

I don't know how
How could someone take a life?
With their hands or with a knife?
Don't they hear their cries?
Don't they see the pain they cause in their eyes?

We will not lose faith
We will learn to hide our tears
We shall be their voice
We shall take away their fears
We will be their friends
We will shout for what is right
We will state our cause
And we won't give up this fight

Remember,
Every action we can take
Every phone call we can make
Every animal we save
Every dollar that we gave
Every letter we can send
Every heartbreak we can mend
Can make a difference
We make a difference
In this world

We make a difference
In this world

I don't know when
When will all this ever end
For their rights we shall defend
For we hear their cries

And we see the pain they cause in their eyes

I don't know if,
If this world was filled with peace
Would this hatred ever cease?
Will they hear their cries?
Will they ever see the pain in their eyes?

We will not give up
For without us all will die
And without our help
No one else will hear them cry
We must have the strength
For this road is very long
We must all join hands
And together we'll be strong

Remember,
Every action we can take
Every phone call we can make
Every animal we save
Every dollar that we gave
Every letter we can send
Every heartbreak we can mend

Can make a difference
We make a difference

Every action we can take
Every phone call we can make
Every animal we save
Every dollar that we gave
Every letter we can send
Every heartbreak we can mend
Can make a difference
We make a difference
In this world

We make difference
You make a difference
In our world
