Life in a bottle
It feels so comforting
Seems like that's my destiny
Fake what you want
Selective memory
Wrap me up, and set me free

Meet my friend
Held tightly in my hand
Forgetting what I meant to say

Love but to hate
That's just the way it goes
Inch by inch I sink below

And I love, I love, I love
All my bad company
And I know, I know, I know
That's what's meant to be
So there's nothing left for me to say.

Stoned and demented
Walking through the walls
When I banged my head I slowly fell

Sad but delighted

Swimming in my well
I guess I'm going straight to hell

And I love, I love, I love
All my bad company
And I know, I know, I know
That's what's meant to be
And I love, I love, I love
All my bad company

So there's nothing left for me to say
No there's nothing left for me to say

And I love, I love, I love
All my bad company

And I know, I know, I know
That's what's meant to be
And I love, I love, I love
All my bad company

So there's nothing let for me to say
No there's nothing let for me to say
