Have you been told  
About the machine man  
His leather gloves  
Hide his machine hands

In every dream  
In sleep I ever had  
I am awake  
By the machine man

Have you been told  
About the machine man  
He watches me  
With eyes as cold as sand

And when I sleep  
I feel him stroke my hand  
I am awake by the machine man

In flight

Learning what I am  
Feeling like a bluebird  
Flying away

I love the drops of rain  
Smiling on my feathers  
Guiding my way

Do, do do do do (x4)

I trip across the air  
It's treating me so kindly  
So far to go  
So I flew unto a tree  
Gather inspiration

Happy to meet  
(all the other birds) x4

We talk about our flight  
In this queer dimension

And how we're afraid  
To carry on our own  
And finish our direction  
Flying home

(all the other birds) x4
