I'm going to detail
What happened to me,
That they have taken me prisoner
Being a well played rooster.
(Even though I've been around and
should have known better.)

I went to Agua Prieta
To see if I had a reputation there
And at 11:00 at night
The police apprehended me.

They arrested me
In the American style,
As though I were a criminal
All of them with pistol in hand.

The jail of Cananea
Is situated on a plateau
And in it I was processed
On account of my stupidity.

I give you no farewell
For I don't have it with me
Leave it to the Holy Child
And to the Lord of Mapimi
