You ask me if I've met your baby
I have to say
It's been some time now
Seems like yesterday

He was mine
For a while
We had good times
We went in style
But now he's yours
Treat him kind
Yes I remember well when
He was mine

You say he means the world to you
Well yes I can tell
You'll make each other happy
I wish you well

He was mine
For a while
We had good times
We went in style
But now he's yours
Treat him kind
Yes I remember well when
He was mine

Yes I remember well when
He was mine

He was mine
He was mine
He was mine
He was mine
