I'd like to know, baby
How you feel about me
I'd like to know, baby
How you feel about me
I've got to know if you think you might leave me
Baby won't you break it to me
If you're planning to deceive me
Woah-oh to deceive me
I'd like to hear
What you say when you talk about me
Do your friends know something I don't
Or just appears to be
Everyone says on the surface things look fine
Am I still the only one for you
And is it true are you really mine
Woah-oh really mine
If you go away I won't know what to do or what to say
Baby I can't make it without you beside me every day
Baby tell me baby show that this is not a fake
Just try and show me that there's no mistake
In staying with you
Woah-oh, with you

I'd like to know, baby
How you feel about me
I'd like to know, baby
How you feel about me
I've got to know if you think you might leave me
Baby won't you break it to me
If you're planning to deceive me
Woah-oh to deceive me

I'd like to know I'd like to know I'd like to know...
